Tenderfoot Rank

This Workbook can help you organize your thoughts as you prepare to meet with your Scout Leader.
You still must satisfy your Scout Leader that you can demonstrate each skill and have learned the information.
You should use the work space provided for each requirement to keep track of which requirements have been completed, and to make notes for discussing the item with your leader, not for providing full and complete answers.

If a requirement says that you must take an action using words such as "discuss", "show",

"tell", "explain", "demonstrate", "identify", etc, that is what you must do.

Scout Leaders may not require the use of this or any similar workbooks.

No one may add or subtract from the official requirements found in Scouts BSA Requirements (Pub. 33216). The requirements were last revised in 2019 • This workbook was updated in March 2019.
